Manufacturer’s Certification Statement for “Qualified Energy Property”

**The American Recovery and Reinvestment Act of 2009
 -tax credits for energy efficient home improvements**

Bosch Water Heating, a division of Bosch Thermotechnology Corp. with headquarters in Londonderry, NH, certifies that the tankless water heating products listed below meet the “qualified energy property” criteria of: A natural gas, propane or oil water heater that has an energy factor (EF) of at least 0.82 or a thermal efficiency of at least 90%, qualify for a tax credit of 30% of the cost of the unit and installation price. Qualifying units must be placed in service between January 1, 2009 – December 31 2010. When filing your tax claim use IRS Form 5695. This form should be available in late 2009 or early 2010. Please consult with a tax professional on how to prepare this form for submittal to the IRS.

Bosch ProTankless	
GWH C 920ES NG	94% Thermal Efficiency
